

**Policy #36. Graduation Rule (MSBA#s 601, 603, 616)**

**Adopted by the St. Cloud Math and Science Academy Board of Directors: June 1, 2014**

Charter schools, like all public schools, are required to meet the provisions of the Minnesota Graduation Rule, which have changed significantly since 2002. This policy is currently under revision. The school, by adopting this policy, agrees to follow the Minnesota Academic Standards requirements, embed the standards in its curriculum and actively participate in the Minnesota Comprehensive Assessments II and any other changes or modifications brought forward by the State.
